WACKY WEEK 6

Week 6 has been full of Camp Centerland spirit! We've been joined a lot of new faces this week, and welcomed back some old friends as well.

It's been a colorful week so far! Campers and counselors alike having been showing off their tie-dyeing skills by wearing the t-shirts and socks they have made over the last two weeks in Amanut. And we love seeing everyone showing off their Centerland Red T-shirts on Fridays!

The Yehuda and Atid groups were joined this week by special guests from the Heritage Center on Tuesday. Our new friends joined us for JCA and Ropes. They also shared a craft activity with us in which campers were

able to make their own sandals. Camp Centerland enjoyed hosting the Heritage Center students, and we are looking forward to another visit from them Week 8.

Next week our visitors will be from the Sherriff's Group. That promises to be an exciting and amazing visit, since we will get to see firsthand some of our brave civil service men and women right here at camp!

LETTER FROM THE DIRECTORS

The 2010 summer camp season is approaching it's last two weeks, and all of us at Camp Centerland are planning to end our summer with a bang! We are going to have a final two weeks jam-

packed with fun and excitement as we start to wind down another amazing summer.

Camp Centerland will be hosting one last hurrah for all campers, families, friends, and staff on

Wednesday, August 18. We also don't want anyone to suffer from "summer withdrawal", so we are holding a two-week Extended Summer Vacation Camp at both JCC buildings after Camp Centerland finishes. Help Centerland say farewell to summer in style!

Nurse Amy's Tip of the Week

Hand washing is a very important habit to get into. Clean hands help prevent the spread of bacteria and other germs. Hand sanitizer will work in a pinch, but still doesn't replace the benefits of washing properly with soap and water.

THE SPECIALIST SPOT

This week's specialist report come from Jessie, our Amanut (Arts and Crafts) Specialist.

For those who believe that they lack creativity or don't have an artistic "bone in their body," coming to Amanut can be a daunting and intimidating task.

This summer I set to the task of showing all of the campers and especially those who were down on arts and crafts, that creativity isn't about how great what you produce looks but is instead about actively engaging our minds in a creative process and using our hands in a productive manner.

I wanted our campers to see that it is fun to create something and no matter what the outcome, if you put in the time and effort, you

should be proud of what you produced.

This summer, through crafts such as tie-dye, clay molding, movable felt pictures, decorative wall hangings, magnets, and the summer tradition of boondoggle as well as repeated reminders of the greatness of creating something entirely your own, I hope that I have accomplished some of this task.

I have had a lot of fun working with your children this summer and I am excited for the next two weeks and the continuation of creative fun.
