Hello family,

I wanted to take some time to introduce myself to all of you. My name is Michael Garcia and I am honored to serve as the new Camp Centerland Director. I have a Bachelor Degree in Humans Services from Springfield College (MA). I have been working in camping in the YMCA for the past 28 years. I have run small city camps all the way up to large outdoor day camps. I volunteer with the American Camp Association (ACA) as a visitor and instructor.

I am a camp guy through & through. I have been working with children my entire life. I believe it is important when working with children that you have a focus. I have three areas I like to focus on when working with children:

1. **Belonging:** I believe that children need to create a sense of belonging in their community. Every child this summer should say "this is MY CAMP". This will allow them to own their actions and be committed to creating a better world around them.
2. **Achievement** – Children need to have a sense of real achievement in their lives. Not the "everybody gets a trophy" philosophy but a true sense of being a success. We need to redefine success for them. Allowing them to set their own goals and helping them to achieve them.
3. **Relationships** – I believe that children need to work on building relationships. Not just with other campers but with the staff. If we can be a positive role model in the life of every child we will be better off.

Empathy is a gift. It is something that we can give every day to the people around us. We need to understand where they are from. We need to help children to understand the difference too. Empathy can bring us together to relate to each other and be better people in our community.

"The world needs a sense of worth, and it will achieve it only by its people feeling that they are worthwhile." Fred Rogers
I am looking forward to an amazing summer. If you need me please do not hesitate to reach out.

Thank you,
Michael Garcia
Camp Centerland Director
